## SUDHARMA MAHA-MAHA SANGH (BISWA SANATAN DHARMA SEVA TRUST)

1) About 600 years ago, five saints took birth in the Indian state of Odisha and came to be collectively known as the 'Panchsakha.' They were Mahapurush Achyutanand Das, Sishu Anant Das, Balram Das, Jashobant Das, and Jagannath Das.

2) 'Panchsakha' literally means 'five friends.' The Panchsakha were the five friends, disciples, and devotees of Lord Shri Krishna, who took birth once again in this Kali Yuga on the sacred land of Odisha about 600 years ago. They were contemporaries of Chaitanya Mahaprabhu, one of Lord Vishnu's incarnations.

3) Taking divine guidance from the Lord and out of their own yogic powers, they wrote innumerable scriptures on palm leaves in the ancient Odiya language. It's worth noting here that Mahapurush Achyutanand Das alone wrote about 185,000 scriptures.

4) Included in these 185,000 scriptures are 318 treatises containing detailed future prophecies. These 318 treatises are collectively known as 'Bhavishya Malika.'

5) The Panchsakha wrote in the Bhavishya Malika that the sun CAN rise in the west instead of the east, the earth CAN be divided into two parts, lotus flowers CAN bloom atop the mountain, and fire CAN provide coolness instead of being a source of heat, but the words of the Panchsakha CAN NEVER be wrong.

By means of the aforesaid lines, the Panchsakha wanted to tell us that even the impossible can be possible, but what they wrote in their Malika scriptures can never turn out to be incorrect. Their words are like lines etched in stone, unchangeable. And it was so because Lord Vishnu Himself made them write these scriptures.

6) Being the words of the Lord Himself, no wonder countless prophecies made for periods until now have had the distinction of being uncannily accurate.

## SUDHARMA MAHA-MAHA SANGH (BISWA SANATAN DHARMA SEVA TRUST)

Prophecies regarding the First World War, the Second World War, the Bangladesh War, the India-Pakistan War of 1965, India's independence from British rule, Atal Bihari Vajpayee serving as the country's prime minister, the birth and death of Mahatma Gandhi, prophecies concerning Nathuram Godse and Moti Lal Nehru, the COVID-19 pandemic, and, in fact, innumerable such prophecies made by them turned miraculously accurate.

7) Malika says that the total lifespan of the Kali Yuga was 432,000 years, but owing to a myriad of sins committed by humans, this lifespan will be reduced to only 5,000 years. Malika tells us that this lifespan of 5,000 years is now over. It even enumerates those human sins that were behind the reduction of the age of the Kali Yuga.

Malika also reveals to us that Lord Vishnu has descended to earth in His Kalki incarnation and is residing secretly. Not many devotees know about His incarnation. The number of devotees who know His whereabouts or will have His darshan is even smaller. And what's the purpose of the incarnation of Lord Kalki? The sole purpose is to wipe out sin and evil from across the world and reestablish a society based on truth, righteousness, and justice.

As everyone knows, Lord Krishna said to Arjuna in the Bhagavad Gita:

*paritrāṇāya sādḥūnām vināśhāya cha duṣhkṛitām,  
dharma-sansthāpanārthāya sambhavāmi yuge.*

That is, "To protect the righteous, to annihilate the wicked, and to re-establish the principles of Dharma, I will appear on this earth, age after age."

To fulfill this purpose of dharm-sansthapana only, earlier the Lord descended as Rama and Krishna. Today, He has incarnated as Kalki. Only His form has changed, the purpose remaining the very same.

**8)** According to Bhavishya Malika, in the coming 3-4 years, i.e., from 2025–2028, the entire world is going to witness cataclysmic destruction on a scale never seen before. It will take the form of fierce wars (the Third World War), hazardous pandemics, devastating earthquakes, unprecedented jal-pralay, pawan-pralay, solar storms, etc. India will be at war with China, Pakistan, and 12 other Islamic nations. This war will turn out to be horrific and gradually transform into a nuclear world war; huge natural disasters during the war will make the matter worse. As a result of these, the population of the world will be considerably reduced.

The disasters that are to unfold within the next 3-4 years will reduce the world's population from a whopping 800 crore to a meagre 64 crore. It means only 8% of the present population will survive the upcoming pralay, while the rest, i.e., 92%, will perish altogether.

It is noteworthy that these 64-crore people will be those who follow the path of truth, righteousness, and justice and are sincere devotees of God. Malika tells us that all the sinners and wicked will be eliminated by 2028. Today, all kinds of sins are rampant on earth, but soon a time will come when these sins will be obliterated and a new era—the Golden Era—will usher in.

**9)** Bhavishya Malika prophesies that the 2024 election to the Lok Sabha will be the last general election in India. India's last Prime Minister will be a person who practices yoga, is vegetarian, and is childless. He will be a staunch follower of Sanatan Dharma. One such person (Malika is referring to Modi Ji) will become the Prime Minister of India, during whose reign India will have a fierce war with Pakistan and China.

**10)** Malika was written about 600 years ago, but what is surprising is that the names of many towns, cities, and countries in their present forms, as well as prophecies as regards them, find their mention in Malika. According to Malika,

## SUDHARMA MAHA-MAHA SANGH (BISWA SANATAN DHARMA SEVA TRUST)

there will be severe missile attacks on many cities in India, like Kolkata, Delhi, Madras, Mumbai, etc., which will cause huge damage to them.

**11)** Further, according to Malika, the coming 3-4 years will be so terrible that the whole world will witness massive changes. In short, whatever we are seeing around us now will change. The extent of the change can't even be imagined right now. Mobiles, computers, and other electronic and digital devices will stop functioning completely at a predestined time between 2025–28. Schools, colleges, and other institutions too will be closed once and for all. Malika prophesies that in the coming years, most of the USA will be submerged in seawater, European countries will be severely destroyed due to war and natural disasters, Pakistan will be ruined, and China will be divided into many pieces due to severe earthquakes. Such will be the severity of the upcoming disasters!

**12)** A good news among all these doomsday prophecies is that Lord Kalki will protect His devotees from these cataclysmic destructions. The devotees too need to follow all that is instructed by Lord Kalki so that they may remain protected from the upcoming catastrophes and enter the Satya Yuga (the Golden Era).

**13)** If you understand how significant this time is, which we are all passing through, then know that you are very blessed. According to Malika, all the events will intensify beginning the month of April 2025. Lakhs of people in Odisha believe in the prophecies of Malika. But it is also written in Malika that it is not for all people. Most people will not be able to know about it, and a vast majority of those who come to know will not believe these things. They will remain engrossed in their own world, oblivious to what lies ahead in the near future. Very few people will take the prophecies of Malika seriously. But in the year 2025, countless people will start believing in Malika after seeing the extremely unfavourable situations building around them. But then it might be too late.
